

Beebe Water & Sewer is not responsible for any water damage during turn on for new service.

No customer or resident for the service address can be served with water and sewer services if they owe a previous bill on an old account, either directly or indirectly. Each resident must have a separate water meter. The person whose name is on the account is responsible for all water charges, including any water that passes through their meter and all service lines from the meter to the residence.

Bills are due in full upon receipt or before the 10th of each month. A 10% penalty is applied on the 11th and you will have through the 20th to pay your bill, after that a \$25.00 nonpayment fee is added and you are subject to disconnection.

Insufficient checks or drafts returned to us by the bank will have a \$20 fee added.
